Wednesday 26<sup>th</sup> October 2016

Dear Paul,

This letter is to confirm that Bully Zero Australia Foundation is the fastest growing Charity in Australia as at 10 March 2016 and \$0.98 from every dollar raised goes to delivering our Programs to schools, community groups and sporting clubs nationally.

A week doesn't pass where we don't see the loss of life to bullying in Australia. There are many stories of teenagers and adults who tragically end their lives after enduring unbearable, persistent and callous bullying either through their workplace, school, and community group or through social media.

The Bully Zero Australia Foundation was launched by Hon. Prime Minister Julia Gillard on 16 March 2013. The Foundation has gained support from various charity partners, media, local, state and federal governments, sponsors and businesses. Bully Zero Australia Foundation is a not-for-profit charity with DGR status. The Foundation continues to work tirelessly to deliver effective evidenced-based, educational programs on a national level.

The Foundation exists to protect and empower children, adolescents, teachers, parents, apprentices, trainees, employees and employers, to live fulfilling lives free from all forms of bullying.

Bully Zero Australia Foundation members are passionate about establishing a zero-tolerance culture of bullying and are committed to working tirelessly to ensure that anti-bullying laws are implemented and enforced nationally.
